

## MEET ZOEY

Zoey is a 1 ½ year old Jack Russell Terrier mix.

Zoey is an enthusiastic young lady with a zest for life! A little spit fire!!

She enjoys being worked both physically and mentally. She loves to play “find it”, would love an agility class and already knows basic commands. Additional training classes are always great for any dog, especially one as smart as Zoey.

She loves to go for long walks, would be a great running companion, play ball, or even a grab a bike ride with you. She loves to keep busy at her age and with her enthusiasm for life ☺.

She plays with all her dog friends at BUFA and at the Bellyrub Klub. Another dog at home for her to play with would be great for her as well.

She warms up quickly to most people. All you men out there may have win her heart before she is 100% comfortable with her but that’s easy to do!! Once she realizes you’re her family, she loves unconditionally.

She is heartworm negative, microchipped, fully vaccinated and spayed; she’s ready to find her own family, one that *can provide her with the training she loves and the life enrichment she needs.*
